

WORKPLACE HEALTH AND SAFETY POLICY

Purpose

Your Clean is committed to providing a workplace for employees and sub-contractors to work in, which are free from workplace hazards, by eliminating or reducing the risks, with the aim for all work activities to be performed safely.

Scope

This Policy applies to all Your Clean employees throughout Australia, whether they are full-time, part-time, temporary or casual, as well as sub-contractors.

Approach

- Your Clean shall comply with all workplace health and safety regulations;
- Your Clean will ensure a safe system of work;
- Employees are informed of workplace health and safety requirements via information and training;
- All Managers are responsible for implementation of workplace Health and Safety policy and procedures;
- Your Clean shall promote communication regarding workplace health and safety as an integral part of an employee's normal duties.
- Your Clean expects that each individual employee and sub-contractor will share in the responsibility for a safe workplace by co-operating with and supporting relevant policies and procedures;
- Your Clean shall require all health and safety issues to be raised immediately they are known and actively encourage these issues to be addressed
